EXPERIENCE

Web Developer | SERVE, Remote, Online   2021-Present
A volunteer position where I could use my web skills to help a worthy cause.

- Decreased the loading time from 11 seconds down to under 2 seconds.
- Secured the site and ensured it was GDPR compliant.
- Improved the **SEO**, integrated with the Google suite and educated staff how to make the most of their site.
- Used **CSS** to style portions of the website and implemented a host of changes from marketers and other stakeholders.

Web Developer | Fat Head Solutions, Remote, Online   2020-Present
A client facing role where I help clients identify and implement a wide range of digital solutions.

- Design and develop beautiful **responsive websites** that are secure and load quickly across all devices.
- Built large **complex websites** with premium content hidden behind a **paywall** and **configured user roles**.
- Integrated third party **payment solutions** to the clients request and content.

Web Developer | DEITG I.T. Generalists, Cork, Ireland.   2018-2019
Started as a web designer and ended managing the web department.

- Designed and **developed over 50 websites** using **WordPress, Php, CSS, JavaScript, Bootstrap & jQuery**.
- Worked with a senior developer on the front-end of large web apps using **CSS & CakePhp**.
- Worked in **an Agile environment** & reported to the managing director, I eliminated technical debt, set up **automated maintenance** and revamped the web department into a profitable, easy to manage profit making sector of the company.
